SCRAM CROSS

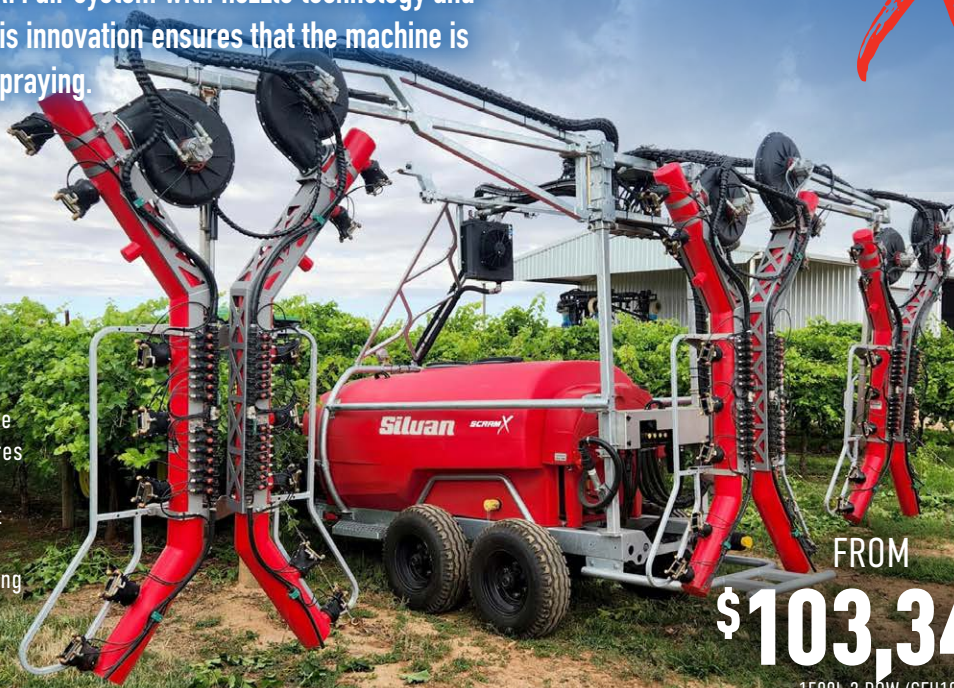

The SCRAM X represents a fusion of our TurboSCRAM and TGS air assist sprayer models, marrying the successful SCRAM air system with nozzle technology and an advanced hydraulic drive pump. This innovation ensures that the machine is equipped for all facets of viticultural spraying.

SCRAM X

NEW

SCRAM CROSS VINEYARD SPRAYER

The SCRAM X boasts a 7-impeller hydraulic drive centrifugal pump capable of generating pressures up to 14.7 Bar which combined with Silvan's proven air delivery system creates an air assist sprayer that provides the flexibility to cover a large range of application rates while maintaining a consistent droplet size.

FROM
\$103,345
1500L 2 ROW (SFU18HB5S2)

TURBOSCRAM

THE TURBOSCRAM IS THE LATEST GENERATION OF SILVAN TURBOMISER SPRAYER WHICH COMBINES THE UNPARALLELED COVERAGE AND WATER SAVINGS OF THE TURBOMISER TECHNOLOGY WITH A HIGHLY EFFICIENT AND RELIABLE HYDRAULIC DRIVE FAN SYSTEM.

TURBOSCRAM VINEYARD SPRAYER

A feature of the TurboSCRAM is the high performance hydraulic drive centrifugal fans that are engineered to provide the high air velocity needed for optimum spray coverage and draw air from a two metres high to avoid leaf blockages and sandblasting. Each fan is connected to Silvan's proven 'wrap' air tube that is designed to create air turbulence in the vine canopy for optimal coverage.

SUNTUFF LINKAGE SPRAYERS

Designed specifically for small vineyards and orchards where high performance is required from low HP tractors.

200L with 600mm fan, 400L with 700mm fan & 500L with 800mm fan

Fan size and tank capacity can be matched to the application

1000L
\$25,289
 AB11AF8R

1000L COMPACT SUPAFLO SPRAYER

Feature packed with an overall width of only 1.1m for spraying narrow rows in vineyards, berry crops and trellis tomatoes. 80L flush tank for flushing the pump, filters and spray lines. Highly efficient adjustable 700mm axial flow fan

2000L
\$34,925
 DAB23AF8G

2000L SUPAFLO AIR ASSIST SPRAYER

A highly flexible and effective sprayer for use in a wide range of crops such as grapes, citrus, bananas, peaches & subtropical tree crops. Glideflex suspension axle for a smooth ride. Electric on/off controls with in-cab pressure adjustment. Wide-angle PTO shaft for tighter headland turns

NEW FRONT INTAKE FAN

2000L
\$42,559
 DST23NF8G

2000L STILETTO ANTIS

Designed to fit in the tightest orchard and vineyard rows with minimal disturbance to the crop.

920mm Antis front intake fan system to minimise leaf blockages

Glideflex suspension axle for a smooth ride

Electric on/off controls with in-cab pressure adjustment

Wide-angle PTO shaft for tighter headland turns

All prices are recommended prices include GST and exclude any dealer installation and/or freight charges. Special prices are effective from 1st September until 31st October 2024, or while stocks last. The company reserves the right to change recommended prices and specifications without notice. All items in this catalogue have been included in good faith on the basis that the goods described were available at the time this catalogue was published. Failure of suppliers to deliver in accordance with samples, descriptions, or at all, or other unintentional causes may result in some lines being unavailable. Space may prevent some dealers from stocking all items. All brand names and product names used in this publication are trade names, registered trade marks, or pending trade marks of their respective owners.
