SQUATPAK 250

DESIGNED FOR UTV AND SIDE-BY-SIDE VEHICLES. 

"The Squatpak 250 sprayer has an interesting design because of the twin baffles that reduces the sloshing around in a side-by-side or ute which can be pretty dangerous from an OHS point of view, we're quite big on that. Another key element is it has the ability with the manifold system to simply click on, click off the boom system easily with makes it very versatile.

It has given us ability to run either a spray gun or boom at the correct pressures that assists in applying accurate chemical application rates. This really helps us as we do a range of spraying applications around 27 sites, so product quality and after sales support are very important to us."

- Trent Higgins

Southeast Area Manager, APL

50m
REMOTE CONTROL
REEL

Compact and powerful. Designed for UTVs, trailers, or utilities, the motorised Squatpak 250 delivers exceptional performance for spot spraying, fence lines, and roadside maintenance. Built for efficiency and durability in tough conditions.

SP25-B2

"I have 50 acres with some difficult areas to spray so I like the fact that my Silvan 25L rechargeable trolley sprayer and my 12L rechargeable knapsack sprayer share the same Li-ON battery. With a 25L capacity and 6m of hose I can wheel the trolley sprayer to wherever the conditions allow, then in trees and bush when the going gets tougher I can easily switch to the 12L knapsack."

Sue Lacy - Pinjarra, WA

\$407

SCRAM CROSS VINEYARD SPRAYER

THE SCRAM X COMBINES TURBOSCRAM AIR SYSTEM, TGS NOZZLE TECHNOLOGY, AND A HYDRAULIC DRIVE PUMP FOR SUPERIOR VINEYARD SPRAYING PERFORMANCE.

FROM
\$106,370

1500L 2 ROW (STX18HB5S2)

The SCRAM X boasts a 7-impeller hydraulic drive centrifugal pump capable of generating pressures up to 14.7 Bar which combined with Silvan's proven air delivery system creates an air assist sprayer that provides the flexibility to cover a large range of application rates while maintaining a consistent droplet size.

Talk to our Viticulture Product Specialist, Aidan Sheridan, to discuss your vineyard sprayer requirements.

M: 0425 748 926

E: asheridan@silvanaust.com

TURBOSCRAM VINEYARD SPRAYER

SILVAN'S LATEST TURBOMISER SPRAYER, DELIVERS UNMATCHED COVERAGE AND WATER SAVINGS WITH A HIGHLY EFFICIENT, RELIABLE HYDRAULIC DRIVE FAN SYSTEM.

The TurboSCRAM features high-performance hydraulic drive centrifugal fans, engineered for powerful air velocity to ensure exceptional spray coverage. Drawing air from two meters high to prevent leaf blockages and sandblasting, each fan pairs with Silvan's proven 'wrap' air tube, creating optimal turbulence for superior vine canopy penetration.

FROM
\$107,525

1500L 2 ROW (STU18HB5S2)

GUIDANCE & CONTROLLERS

ADVANCED GPS GUIDANCE SYSTEMS AND ELECTRIC SPRAY CONTROL KITS DESIGNED TO ENHANCE SPRAYING PRECISION AND EFFICIENCY

AGRONAVE 7

NEW

The Agronave 7 is a complete GPS system with 7" display that provides enhanced visual guidance with a light bar and on screen guidance for spraying, spreading or seeding applications. The Agronave 7 is ISOBUS and autosteer compatible (available through licensing). Application information can be viewed in the cloud based ISOFARM application manager to see where you have sprayed, area covered and time spent.

SILVAMATIC ELECTRIC SPRAY CONTROL KIT

Maintain consistent spray performance with this in-cab control box, featuring proportional pressure compensating valves, stainless steel components, and individual section control for reliable, adjustable output across three boom sections.

HIGH PRESSURE ELECTRIC VALVE KIT

This 12V electric valve kit is ideal for high-pressure orchard sprayers, featuring two on/off section valves, a bypass valve, electric and manual pressure regulators, and an in-cab control box with wiring loom for easy operation.

Prices include GST, exclude dealer installation and/or freight charges

"I have been farming for about 25 years growing mainly Thai basil, water spinach, bitter melon and hot chilli on my 100 acres and have a varied range of Silvan sprayers including 600L, 800L, 1100L and 1900L linkage units with Devil booms along with a 2000L trailed Oktopus sprayer.

As my farm has grown so has the need to go to larger tank sizes saving valuable time and money by less stoppages with refilling time.

I trust the Silvan brand to be cost effective, reliable and easy to work with."

Quin Nguyen - Giru, Queensland

Prices include GST, exclude dealer installation and/or freight charges

Paddock Pak Trailed Sprayers

DESIGNED TO BE A SOLID PERFORMER IN THE PADDOCK

Fully galvanised chassis with adjustable drawbar. Silvan's tough and reliable galvanised 18m Paddock boom with hydraulic fold, tilt and lift and parallelogram boom suspension. Forward and back end breakaway for added boom protection. 3 section Bravo 180S automatic rate controller. PTO driven diaphragm pump (132 L/min., 20 Bar). Options include hydraulic drive pump, mudguards and Silmix chemical hopper

"I have a Silvan 2500L Paddock Pak sprayer with 18 metre boom for my cattle and pasture property.

Its an excellent pasture sprayer with everything needed for the job yet not complicated to use. It enables us to quickly spray a paddock when the time is right, rather than waiting on a contractor."
