Looking to unlock even greater value?

You can by ordering **multiple tanks or complete tank packages**, with the most significant savings coming from a **full truckload order**.

For instance, did you know that **four 22,500L tanks** can be transported on a single truck?

This maximises freight efficiency and allows us to pass those savings directly on to you.

What is Crown Force Technology?

Crown Force™ Technology

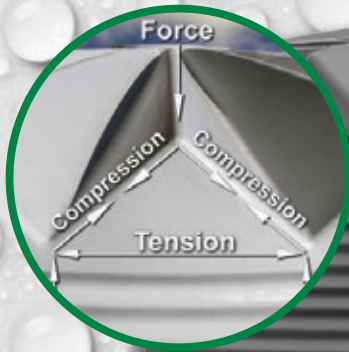

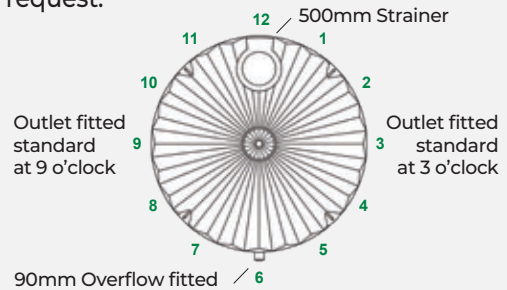

The triangular beams interlock into the proven corrugated wall profile providing optimal strength. The Crown Force design allows the tank to breathe, expanding and contracting with changes to temperature and pressure when in use to prevent cracking and roof sinking. Crown Force tanks are moulded as a single piece. No seams or joins.

Triangular Beams

The ultimate design for strength and durability.

Outlet Positions

Standard outlet positions are at 3 and 9 o'clock. Optional extra outlet positions are available on request.

Every Tank Tested

Exceeding Australian standards

RBlend20

Formulated uniquely to interact with the heating and moulding process to enhance molecular stability and UV protection.

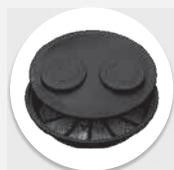

Licence Number AMI 74773
AS/NZS 4766:2006

Standard Tank Inclusions

Outlets

2 x 1½" outlets fitted as standard at 3 & 9 o'clock.

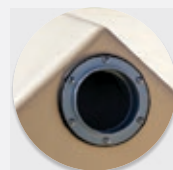

Strainer & Cover

Mosquito proof stainless steel Inlet strainer & strainer cover to prevent dust contamination & algae growth.

Lifting Lugs

4 x Moulded lugs for safe handling & moving into place.

Overflow

90mm overflow fitted at 6 o'clock for 9000L & above.

1 x 1½" Ball Valve

So your tank is ready for use

Water Storage Accessories

TANK STRAINERS & STRAINER COVERS

Code	Description
RTS002	Medium strainer
RTS001	Large strainer
RTS005	Extra large strainer
RTSDC2	Strainer cover for RTS002
RTSDC1	Strainer cover for RTS001
RTSDC5	Strainer cover for RTS005

A = STRAINER Diameter (mm) B = Recommended Diameter (mm)

M	320		285
L	410		365
XL	500		460

Features:

- Covers with moulded "knock-outs" which can be removed as required
- Flexible & UV stabilised to withstand the elements
- Mosquito proof stainless steel mesh

NO MORE ALGAE

UV Blocker lid prevents algae growth by stopping sunlight.

RAINWATER TANK LIDS

Code	Description
RTA40	455mm hinged lid and rim
RTA41	350mm screw lid and rim
RTA42	255mm screw lid and rim

EASY ACCESS

Ideal for industrial applications - for easy filling via tank top & checking content levels.

OVERFLOWS & RAPIDSEALS

Code	Description
RS90	Rapidseal for 90mm PVC Pipe
RS100	Rapidseal for 100mm PVC Pipe
RS90K	90mm Overflow kit
RT90HLK	90mm Overflow kit High Level

Features:

- Enable a watertight connection through tank walls
- Provide a quick and easy solution - suitable for use as overflows & tank connection system
- Can be fitted through corrugations as well as slight curves in tank walls - does not need a completely flat surface

OVERFLOW KIT HIGH LEVEL

OVERFLOW SCREENS

Code	Description
RTSOMS	High flow vented flap valve for 90mm PVC pipe
RTSOFS	Overflow screen for 90mm PVC pipe

NO MORE BUGS:
Fit overflow to prevent access by frogs mosquitoes or insects

DOWNPIPE DIVERTERS

Features:

- Automatic operation
- 90mm suitable to use with small or slimline rainwater tanks
- Amount of water diverted can be customised according to the surface area of your roof
- These kits contain all the components required to convert your downpipe to a first flush diverter (excluding pipe)

RT90PVC

Code	Description

RISER PIPE KIT

Features:

- Supplied with a 300mm riser as standard, other lengths available by request
- Supplied fitted if ordered with a tank (specify required position)

This item is a requirement in some areas where a specified amount of water must always remain in the tank for fire fighting purposes. The household water requirement is taken from the riser pipe outlet so that the lower amount of water is always available through the Storz outlet only (Storz kit available separately - RTA67 pictured).

Width: 1350mm
Height: 630mm

PUMP COVERS

Features:

- Protection for your pump from the weather
- Fully ventilated - reducing overheating

Will fit over any pump not exceeding these dimensions:

RTSPC1 - 550mm (L) × 280mm (W) × 400mm (H)

RTSPC2 - 480mm (L) × 480mm (W) × 630mm (H)

Code	Description	L x W x H (mm)
RTSPC1	Small Smooth Pump cover	700 × 400 × 540
RTSPC2	Large Smooth Pump cover	600 × 600 × 800

PUMPS

Submersible Reefe Pump up to 100L/M

RTPKS1

Submersible Reefe Pump with Integrated Pressure Controller up to 100L/M

RTPKS1B4TS

Strainer

Submersible Pumps

Ideal for in-tank installation, these pumps offer quiet, reliable pressure for household taps, garden hoses, and rural watering systems. They eliminate priming concerns and provide consistent flow.

External Pumps

External pumps offer powerful and accessible water transfer for your home, garden, or farm. Mounted outside the tank for ease of maintenance, they are standard with automatic controllers for reliable pressure on demand.

External Reefe Pump 55 L/M

RTPKE1

External Reefe Pump 86 L/M

RTPKE2

WATER FILTERS

**Single Stage**

Single stage, whole house rainwater filter 10 micron 110 L/M (EM1 Series)

Length: 150mm
Width: 589mm
Height: 209mm

RTFLO1

The EM1-60 system provides general filtration reducing taste, odour, chemicals and sediment in your water. This system protects and prolongs the life of appliances throughout your home.

**Dual Stage**

Dual stage, whole house rainwater filter 5 micron 110 L/M (EM2 Series)

Length: 345mm
Width: 589mm
Height: 209mm

RTFLO2

The Puretec EM2-110 system provides maximum filtration with minimal flow restriction, protecting appliances from sediment and sludge build-up and extending the service life of ceramic disc tapware.

**Dual Hybrid**

Dual rainwater whole house filter with ultraviolet 130 L/M (Hybrid Series)

Length: 670mm
Width: 760mm
Height: 211mm

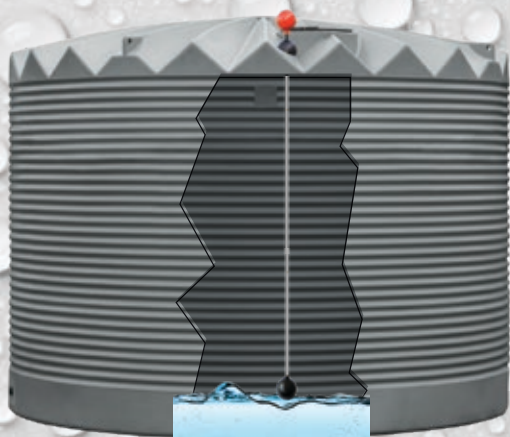

RTFLO3

This system reduces sediment, chemicals including chlorine, bad taste, odour and is highly effective in eliminating 99% of bacteria and parasites in your water. This system has higher capacity and longer life filter cartridges.

DIAL GAUGE LEVEL INDICATOR

Always know how much water is in your tank with this easy-to-read, mechanical tank gauge, ideal for small rainwater tanks and close-up viewing.

RTLTG

WATER BEACON RTLWB

The RapidPlas Water Beacon is a reliable and highly visible tank level indicator, designed for long-distance checking of your water storage — ideal for farms, industrial sites, and remote tank locations.

RAPID SMART LEVEL

Features:

- Satellite or cellular connectivity
- Suitable for water, fertiliser and molasses
- Robust, safe & built to last
- Engineered for the harshest climates
- Rapid activation via NFC
- Effective warranty & lifespan - 7 year battery life
- Secure connections from remote locations

Benefits:

- Save time by avoiding manual tank monitoring
- Multiple readings per day
- Map view via GPS location
- Set & receive threshold alerts via email or text
- Save money with operational efficiency

Diameter: 3990mm Outlet: 2" or 3"
Inlet Height: 2730mm
Height: 3230mm

MOLASSES STORAGE TANKS

Features:

- Extra heavy tanks with thicker walls suitable for molasses storage
- Free delivery to site within our delivery area
- Available in any colour from our range (see page 2)
- Hinged and vented lid
- Manhole access at 12 O'clock
- Rated for 1.5SG liquids

Options:

- Upgrade to larger brass outlets
- Ball valve tap available
- Top fill kit
- Level indicators

Septic Tanks

SEPTIC / UNDERGROUND TANKS

3100L Underground Septic Tank with Partition

Product Code:	URT3100S
Length (mm):	2475
Height (mm):	1708
Width (mm):	1530
Weight (kg):	200

A cost-effective wastewater solution for properties without access to mains sewer. Sized for households of 1-5 people.

NEW

Features:

- Quick hook-up, baffle and fittings pre-installed
- One-piece moulded tank, easy to lift and manoeuvre
- Self-anchoring, no concrete required
- Low-profile design, minimal excavation
- Designed to Australian Standard AS/NZS 1546.1

3000L Underground Septic Tank with Partition

Product Code:	UST3000P
Top Diameter (mm):	1880
Height (mm):	1875
Weight (kg):	137

Features:

- Made to Australian Standard (AS/NZS1546.1)
- Lightweight yet extremely strong and durable
- 15 year manufacturer's guarantee

Weighing under 150kg, the tank can be easily positioned and installed by a plumber or drainer without requiring mechanical lifting equipment.

Commercial & Industrial Tanks

CUSTOM SOLUTIONS

Let us create a solution for you!

We offer a complete range of customisable fittings and accessories to go with your tank. PE Stub flanges with Table D, E or ANSI 150 backing rings (galvanised or stainless steel) can be welded into tanks. Stainless steel fittings and sprayballs for tank clean out can also be supplied to order, please call us to discuss your needs.

Talk to RapidPlas about tailoring a tank fitout to suit your industry specific requirements

FLAT BOTTOM INDUSTRIAL GRADE TANKS

RapidPlas manufactures a wide variety of flat bottomed heavy duty industrial grade tanks which range in capacity from 500 litres to 32,000 litres.

Features:

- Designed specifically for the industrial environment
- Engineer verified design
- Totally self supporting roof - no internal fixtures or supports
- Suitable for a wide range of liquid chemicals
- Available for 1 and 1.5 SC

CONE BOTTOM TANK ON STAND

Features:

- 15° cone bottom and full drain bung for total evacuation of contents
- Ribbed side wall tanks for superior strength
- 2" fitting installed standard on all tanks (Optional 3" available)
- 3 positive tie down points / lifting lugs
- Heavy duty galvanised steel frame
- Supplied in translucent green colour so level of contents can be seen (Also available in black)
- 450mm hinged & vented lid
- Rated for 1.5 SG liquids

USE EVERY LAST DROP

Unique design enables all contents to be drained

LARGE FULL DRAIN TANK

Features:

- Rated for 1.5 SG liquids
- 4" outlet piped out to the edge of the stand
- Sloped base for complete drainage of contents
- Heavy duty galvanised steel frame
- Stand supplied in 4 sections for easy positioning on site
- Suitable for fertilisers, molasses and other industrial liquids
- Range of ball valves and other fittings available to suit

32,000L (7,040 GAL)
Full Drain Tank on Stand

Dia: 3990mm
Outlet size: 4"

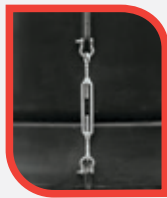

Disclaimer: The dimensions are approximate only due to variations in the manufacturing process

UNIVERSAL RAPID DRAIN TANK

The 100% poly self-draining tank that has universal applications – compact, portable and easy to use.

Features:

- Multi-purpose – can be cleaned and re-used for a variety of liquids (e.g. molasses or liquid fertiliser)
- 5° cone bottom and drain fitting for virtually 100% evacuation of contents & quick clean out
- Base features a 2.5m Circular Stabilisation Pod to provide a much larger surface area than support legs
- Water-fillable base weighing 570kg when filled to stabilise tank when the tank is empty
- Side delivery – NO vortex created, to prevent pump sucking air
- Easy access 2" outlet on the side, not underneath the tank. Other outlet sizes available
- 100% polyethylene constructed tank and base makes it a long term solution – will not rust or corrode
- Supplied in black colour as standard (Also available in translucent green colour so level of contents can be seen)
- Store at application site and free up your truck for other use
- 450mm hinged and vented lid
- Rated for 1.5 SG liquids

Two tanks will store a full B-Double load

Height: 3910mm

Blue Line Poly Pipe

NEW!

POLY PIPE

RapidPlas Blue Line Poly Pipe: Certified for Potable & Pressure Applications
The RapidPlas Blue Line Poly Pipe range is specifically designed for the safe and efficient transfer of potable (drinking) water under pressure. Its robust construction and adherence to stringent standards ensure water purity and system integrity for critical applications.

Key Features:

- **Potable Water Certified:** Watermark certified and ISO Type 5 certified manufactured from high-density polyethylene material, guaranteeing suitability for human consumption and resistance to rust, rot, pitting, or corrosion.
- **High-Pressure Capabilities:** Available across various diameters (25mm, 32mm, 40mm, 50mm, 63mm) with multiple pressure ratings including PN8, PN10, PN12.5, and PN16
- **Exceptional Design Life:** Engineered for durability with a minimum design life of up to 50 years at 20°C.
- **Standards Compliance:** Manufactured in compliance with AS/NZS 4130 Polyethylene (PE) pipes for pressure applications.
- **Versatile Joining:** Compatible with metric compression fittings, electrofusion fittings, and butt welding methods for secure and reliable connections.

25mm 32mm 40mm 50mm 63mm

Green Line Poly Pipe

NEW!

The RapidPlas Green Line Poly Pipe is a practical and cost-effective solution tailored for non-potable rural and agricultural water transfer applications. It's ideal for a wide array of farm-specific uses where flexibility, ease of installation, and resistance to environmental factors are paramount.

Key Features:

- **Rural & Agricultural Focus:** Specifically designed for fundamental rural uses such as irrigation, dam overflows, bore water transfer, and livestock watering.
- **PN8 Pressure Rating:** Engineered to endure a maximum pressure of 800 kilopascals (kPa), suitable for many common low to medium pressure pumping and gravity-fed systems.
- **Lightweight & Flexible:** Supplied in convenient coils, offering excellent flexibility for straightforward installation across varied terrain, reducing labour and equipment needs.
- **Corrosion & Weather Resistant:** Crafted from durable polyethylene that resists corrosion, rust, and degradation from weathering and UV exposure, ensuring long-term performance outdoors.
- **Available Sizes:** Commonly available in imperial rural sizes including 1" (25mm ID), 1¼" (32mm ID), 1½" (40mm ID), and 2" (50mm ID).

Livestock Watering

Livestock Watering Range: Robust, Reliable, & Portable

The RapidPlas Livestock Watering range is engineered for the tough Australian environment. Crafted from high-quality, food-grade UV-stabilised polyethylene, these troughs provide a durable, rust-free solution that ensures your stock always has access to fresh water.

ULTRA LONGLINE WATER TROUGHS

Stock Type: Cattle, Horses, Alpacas, Sheep, Goats

Product Code:	PT64W	PT68W
Capacity:	200L	400L
Length (mm):	1300	2390
Width (mm):	600	600
Height (mm):	480	480
Float (inch):	1	1

Features:

- One piece trough with fully protected 1" float system
- 2" Drain bung at either end
- Raised cover allows trough to fill to the brim
- All poly, heavy duty, UV stabilised to withstand tough Australian conditions

SWEEP TROUGH

Stock Type: Cattle, Horses, Alpacas, Sheep, Goats

Product Code:	PT70SW
Capacity:	140L
Length (mm):	2530
Width (mm):	550
Height (mm):	475
Float (inch):	1

Features:

- All poly extra heavy duty water trough
- Includes 1" float valve - fully protected
- Easy to clean out, with smooth sweep out end
- Double walled, fully supported trough
- Easy to move around to different paddocks
- Sweep out feature prevents algae build up

Sweep Trough Broom

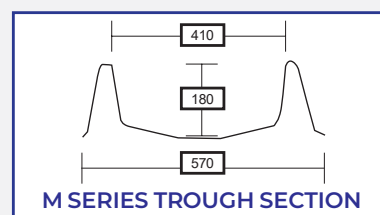

Product Code:	PTSWB1
Length (mm):	1600
Width (mm):	370

M SERIES WATER TROUGHS

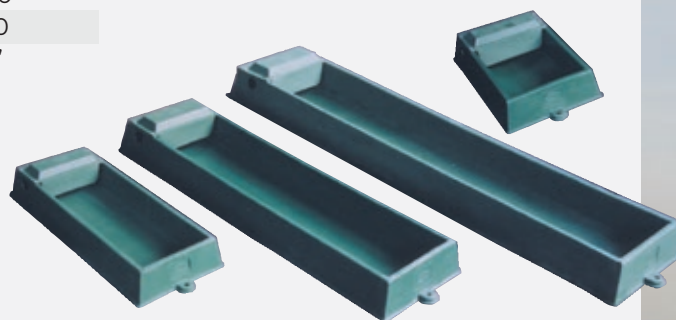

Stock Type: Alpacas, Sheep, Goats, Poultry

Product Code:	PTM34W	PTM33W	PTM32W	PTM31W
Capacity:	35L	60L	100L	140L
Length (mm):	840	1280	1900	2400
Width (mm):	570	570	570	570
Height (mm):	180	180	180	180
Float (inch):	½"	½"	½"	½"

Features:

- The perfect height for small animals
- Easily transportable
- Strong all-poly construction suitable for corrosive environments
- Smooth finish facilitates cleaning
- Covered float prevents stock damage
- Peg down points to prevent livestock pushing the trough around

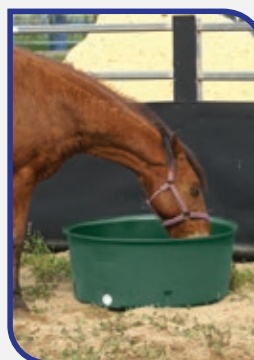

ROUND WATER TROUGH

Stock Type: Cattle, Horses, Alpacas

Product Code:	PTT11W	PTT10W	PTT12W
Capacity:	1000L	500L	250L
Diameter (mm):	1650	1300	1000
Height (mm):	600	500	420

Features:

- Tough and durable with a long history of use on farms
- Light and easy to move around - excellent for drovers
- Smooth finish with 2" drain bung for easy cleaning

Livestock Watering

PRO TUB WATER TROUGHS

Stock Type: Cattle, Horses, Goats, Alpacas

Product Code:	PTTU44W	PTTU42W	PTTU40W
Capacity:	1200L	600L	220L
Diameter (mm):	1930	1500	1110
Height (mm):	670	590	460
Float (inch):	1"	1"	1"

Features:

- Linchpin secures float cover to prevent damage
- Float enclosure moulded as part of the trough
- Raised float allows trough to fill completely
- All pipework protected by trough surround
- 2" drain bung for easy cleaning
- Fitted with 1" high pressure, high flow valve

Options: Add '-MAX' to the product code when ordering to replace standard float valve with high flow MAXFLOW valve option. EG. PTTU40W-MAX

LONGLINE WATER TROUGHS

Stock Type: Cattle, Horses, Goats, Alpacas

Product Code:	PTL8W	PTL6W	PTL4W	PTL2W
Capacity:	190L	145L	98L	50L
Length (mm):	2400	1840	1270	640
Width (mm):	550	550	550	550
Height (mm):	360	360	360	360
Float (inch):	½"	½"	½"	½"

Features:

- Smooth interior with a 2" drain bung for easy cleaning
- Peg down points at each end
- Water troughs come complete with a valve, float & float cover which gives the valve & float full protection

TANK & TROUGH COMBO with LEVEL INDICATOR

The Ultimate All-in-One Stock Watering Solution

Stock Type:

Cattle, Sheep, Goats

Reliable Security: Large water reserve at the trough provides peace of mind if your main supply is cut off.

Healthier Stock: Keeps water cooler and cleaner to inhibit algae; circular design maximises drinking capacity.

Low Maintenance: Features a unique sweep-out ramp and 2" drain bung for the fastest, easiest cleaning.

Rugged & Ready:

Pre-plumbed with internal pipes to prevent livestock damage—just hook up and go.

Safety First: Specialised design decreases the risk of stock drowning.

Product Code:	DP645	DP640
Capacity:	5,000L	10,000L
Trough Diameter (mm):	2500	3240
Trough Height (mm):	280	300
Tank Height (mm):	2200	2380
Outlet (inch):	1½"	2"

Livestock Feeding

Livestock Feeding Range: Durable, Practical, & Purpose-Built

The RapidPlas Livestock Feeding range is designed to withstand the daily rigours of the Australian farm. Manufactured from heavy-duty, UV-stabilised polyethylene, our feeders provide a long-lasting, rust-free solution for grain, feed, and pellets. Built for stability and ease of use, these units ensure your stock has reliable access to supplements while minimising waste in the paddock.

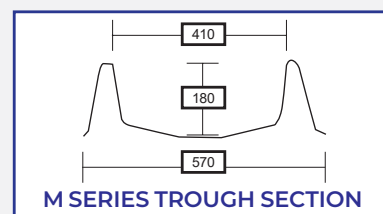

M SERIES FEED TROUGHS

Stock Type: Alpacas, Sheep, Goats, Poultry

Product Code:	PTM34F	PTM33F	PTM32F	PTM31F
Capacity:	35L	60L	100L	140L
Length (mm):	840	1280	1900	2400
Width (mm):	570	570	570	570
Height (mm):	180	180	180	180

Features:

- The perfect height for small animals
- Easily transportable
- Strong all-poly construction suitable for corrosive environments
- Smooth finish facilitates cleaning
- Peg down points to prevent livestock pushing the trough

LONGLINE FEED TROUGHS

Stock Type: Cattle, Horses, Goats, Alpacas

Features:

- Smooth interior with a 2" drain bung for easy cleaning
- Peg down points at each end

Product Code:	PTL8F	PTL6F	PTL4F	PTL2F
Capacity:	190L	145L	98L	50L
Length (mm):	2400	1840	1270	640
Width (mm):	550	550	550	550
Height (mm):	360	360	360	360

EXTRA STABILITY

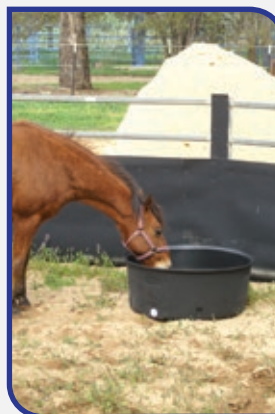

Peg down with a star post for extra stability - prevent stock injury & food wastage.

ROUND FEED TUB

Stock Type: Cattle, Horses, Alpacas

Product Code:	PTT10WB	PTT12WB	PTTLD10
Capacity:	500L	250L	LID FOR 500L ROUND FEED TUB
Diameter (mm):	1300	1000	
Height (mm):	500	420	

Features:

- Tough and durable with a long history of use on farms
- Light and easy to move around - excellent for drovers
- Smooth finish with 2" drain bung for easy cleaning

MINERAL FEEDER

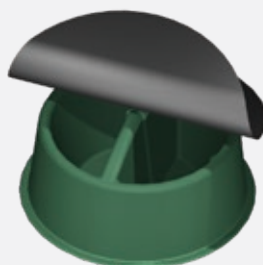

Stock Type: Cattle

Product Code:	PTMF120	PTMF250
Capacity:	120L	250L
Diameter (mm):	1100	1450
Height (mm):	530	650

PROTECTED 24/7

Don't risk urea poisoning! This design gives your feed weatherproof protection, and is accessible to stock around the clock.

Features:

- Flexible rubber lid which cattle lift up to access feed
- Easy access for large numbers of cattle
- Durable & rust free
- Stackable for easy storage (with rubber removed)
- Ideal for fast weight gain

Scan here to watch

COVERED MINERAL FEEDER **Stock Type:** Cattle

Product Code:	PTMF500R
Capacity:	500L
Diameter (mm):	2400
Height (mm):	1900

Features:

- Large 500L capacity
- Durable roof with substantial overhang to protect feed from the elements
- Raised tub for extra feed protection
- Innovative lid design for easy filling & prevent injury & back strain. Removes the danger of the lid falling when refilling the tub
- Lid can be assembled to open to the left or the right
- Lid can be latched securely in the closed position to prevent stock opening it
- Patented Design

NO-LIFT

Swivel roof design means no lifting required to fill the tub

**PATENETED
DESIGN**

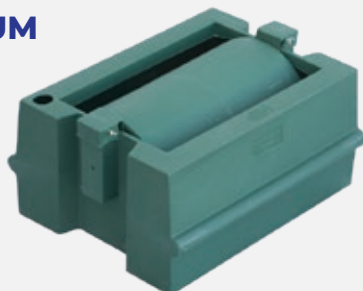

NB: Some assembly may be required

MOLASSES LICKER DRUM

Stock Type: Cattle

Product Code:	PTS05
Capacity:	120L
Length (mm):	880
Width (mm):	700
Height (mm):	420

Features:

- Proven method of supplementary feeding using molasses, water and urea mixes
- Bloat oil or other liquid supplements may be added
- Will supply 20-30 cattle for approximately 4 days
- All poly construction for corrosion resistance
- Floating roller for effective use of supplement
- No metal bearings to rust or seize
- Easy fill hole on the side
- Must have molasses mixed with 50% water

Livestock Feeding

Galvanised steel mounting brackets.

Soft, flexible rubber. Closely resembles a cows teat.

Calibrations for measurement of contents.

RACE TYPE FOOTROT BATH

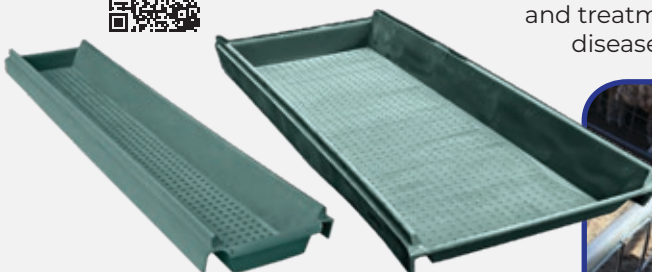

Stock Type: Sheep, Goats

ELIMINATE HARD WORK

Makes the prevention and treatment of footrot disease an easy task!

Product Code:	DP508	DP510
Type:	Standard	Wide
Capacity:	90L	240L
Length (mm):	2400	2400
Width (mm):	480	1000
Height (mm):	200	200

Features:

- Has an end to end linking feature that is ideal for placing in a sheep race
- Non slip ridges on floor open the hoof to increase chemical penetration
- Lightweight for easy handling and cleaning
- All poly, heavy duty, UV stabilised to withstand tough Australian conditions
- V-sides to prevent stock from removing their hooves from the chemical

CALF SHELTER

Stock Type: Calves, Dogs

Product Code:	DP509
Length (mm):	1700
Width (mm):	1200
Height (mm):	1450
Doorway width (mm):	670
Doorway Height (mm):	1200

Features:

- Large door access
- Louvre style ventilation
- Stackable, with anti-jam stacking tabs
- Tough, UV stabilised polyethylene
- Tie-down anchorage option by allowing holes to be drilled in base

AUTOMATIC PET WATERER

Stock Type:
Dogs, Cats, Birds, Poultry

Product Code:	PTPW
Capacity:	2L
Length (mm):	285
Width (mm):	240
Height (mm):	115

Features:

- Continuous supply of fresh water
- Automatic pressure shut off
- Connects to any standard garden hose for outdoor use
- Connects to a soft drink bottle for indoor use (bottle not supplied)

Spare Parts - Troughing

M Series Troughs

Product Code	Description
PTA63	Float cover only
PTA70	½" Float valve only with arm
PTA76	Float ball only, for PTA70
PTFC12M	½" Float and cover
PTF25S	1" Poly float valve complete
PTF25 MAXFLO	125mm Max-Flo float valve (diaphragm type)
PTA83C	2" Drain bung coarse thread
PTA87	2" Bung spanner

Pro Tubs

Product Code	Description
PTFC25U	1" float valve and cover for Pro Tub Trough
PTF25S	1" float valve complete for Pro Tub Trough
PTA65	Float cover only for Pro Tub Trough
PTA71S	1" valve only for Pro Tub Trough (no float)
PTA77	Float ball only (no valve or arm) for PTA71S
PTA83C	2" drain bung - coarse thread
PTA99	Replacement cap and gasket for PTF25 / PTF25S
PTA87	2" Bung spanner

Longline Troughs

Product Code	Description
PTFC12L	½" float valve and cover for longline trough
PTF12	½" float valve complete for longline trough
PTFC25L	1" float valve and cover for longline trough
PTF25	1" float valve complete for ultra longline trough
PTA61	Float cover only for ½" valve
PTA62	Float cover only for 1" valve
PTA70	½" float valve only (excludes float ball)
PTA71S	1" float valve only (excludes float ball)
PTA76	Float ball only (excludes valve & arm) for PTA70
PTA77	Float ball only (excludes valve & arm) for PTA71
PTA84	2" drain cap for longline trough

Longline Troughs Inserts

Product Code:	PTI02	PTI04	PTI06	PTI08
Description:	2ft insert	4ft insert	6ft insert	8ft insert
Capacity:	50L	98L	145L	190L
Length (mm):	630	1240	1840	2400
Width (mm):	520	520	520	520
Height (mm):	270	270	270	270

Features

- Durable UV stabilised polyethylene for long outdoor life
- Rust free polyethylene will not corrode
- Smooth finish & 2" drain bung facilitates cleaning
- Great for use in existing or custom design solutions

Automatic Pet Waterer

Product Code	Description
PTF12RW	Spare float valve for PTPW
PTPW-A	½" Adapter for garden hose fitting

Tank & Trough Combos

Product Code	Description
DP608	Level indicator
DP6EFVK	Extra float valve kit
PTF50DA	50mm Dual action float valve
PTF32DA	32mm Dual action float valve

Licker Drum

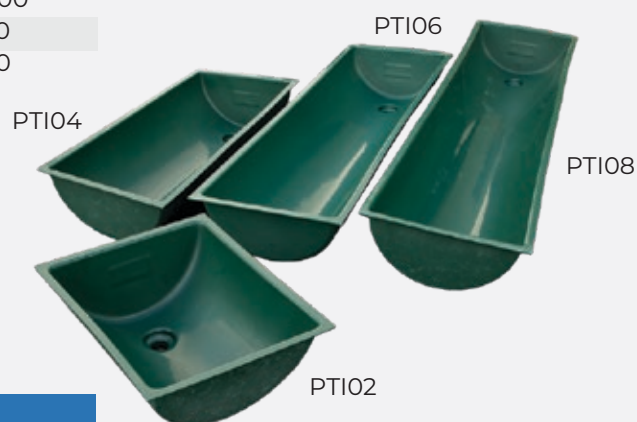

Product Code:	PTS05D
Description:	Drum only
Capacity:	120L
Length (mm):	880
Width (mm):	700
Height (mm):	420

PTF12

- ½" high pressure float valve suitable for mains pressure 100PSI
- Flow rate 20L per minute at 15PSI to 50L per minute at 100PSI

PTF25

- Full flow through valve gives high flow rates
- Also suitable for high pressure up to 150 psi
- Long arm ensures closure at high pressure
- Flow rate 60 litres per min at 15 psi to 130 litres per min at 45 psi minute at 100PSI

32 LITRE D-FEEDER **Stock Type:** Horses, Alpacas, Donkeys, Goats

Product Code:	PTS14
Capacity:	32L
Length (mm):	440
Width (mm):	400
Height (mm):	250

Features:

- Return lip around top prevents feed from being blown or dragged out
- Corrosion proof – ideal for liquid feed supplements
- Galvanised steel mounting brackets
- Proven durability

Colours:

45 LITRE D-DRINKER **Stock Type:** Horses, Alpacas, Donkeys, Goats

Product Code:	PTS01W
Capacity:	45L
Length (mm):	540
Width (mm):	410
Height (mm):	380

Features:

- 1 piece moulded drinker plus float & cover
- ½" high pressure float valve
- Immensely strong construction
- Galvanised steel mounting brackets
- 2" drain bung for easy cleaning

Colours:

FENCE DRINKER **Stock Type:** Horses, Alpacas, Poultry, Dogs

Product Code:	PTS48W	PTS49W
Capacity:	8L	25L
Length (mm):	300	450
Width (mm):	300	370
Height (mm):	220	340

Features:

- Large 2" drain bung for easy cleaning
- 1 piece durable design with float cover moulded in
- Strong solid mounting flanges
- UV stabilised for long outdoor life
- Available without brackets for mounting directly onto fence etc; or with brackets for hanging

Colour:

HAY FEEDER **Stock Type:** Horses, Alpacas, Donkeys

Product Code:	PTS03	PTS03NL
Type:	with lid	no lid
Length (mm):	600	600
Width (mm):	500	500
Height (mm):	700	700

Features:

- Lid prevents horse pulling biscuit out of hay rack
- Lid can be purchased separately to fit onto existing feeders
- Feed bin prevents valuable feed from falling onto ground
- Zinc plated hay compartment frame & galvanised brackets

Colours:

Spare parts

Product Code	Description
SGC020	½" Float valve complete for PTS48W
PTF120	½" Float valve complete for PTS01W / PT49W
PTA84	2" Drain cap for PTS01W
PTS03LD	Hayrack lid only (with hinges)

RAPID STEP

Product Code: PTRS1
 Diameter (mm): 715
 Height (mm): 570

Colours:**Mounting horses, Multi-purpose****Features:**

- Reduces strain for both rider, saddle and horse
- No sharp edges, safe for your horse to walk around
- Manufactured from polyethylene and UV stabilised
- Easily carried using the integrated handle
- Safe and secure with wide base and non-slip tread pattern
- Maximum load 75kg

Integrated Handle

CHAFF BIN Feed storage

Product Code:	PFB	PFBLP
Capacity:	270L	130L
Length (mm):	600	600
Width (mm):	600	600
Height (mm):	1010	600

Features:

- Large bin holds 1¼ bags of chaff
- Hinged lid - easy access, yet secure storage
- Rust free poly construction
- Space saving modular design

**Colours:****MULTI-PURPOSE**

Versatile storage bins which are weather and rodent resistant. Suitable for numerous uses - chaff, dog biscuits, chook feed, fertiliser and general storage.

**SCOOPS** Feed handling

Product Code:	PTSC1	PTSC2	PTSC3
Capacity:	1L	2.5L	9L
Diameter (mm):	125	165	260
Height (mm):	250	300	315

Colour:**Features:**

- Moulded handle and vent hole for ease of use

FEED BUCKET

Product Code: PTSFB1
 Capacity: 20L
 Diameter (mm): 325
 Height (mm): 370

Features: *The Tough Bucket*

- Hand grip on bottom and a spout - for easy pouring
- Flat side on back for easy carrying

Colour:

Rapid Bulk Bin

Product Code:	RBB1600NT
Nominal Tonnage:	1.15t*
Cubic Capacity:	1.6m ³
Length (mm):	1171
Width (mm):	1171
Height (mm):	2100
Outlet (mm):	200w/400h

*Based on wheat at 820kg/m³

SUITABLE FOR:

- Grains and seeds, wheat, barley, soybean, lupins, oats, corn etc
- Fertilisers, urea etc
- Feed mixes and pellet
- Granular or powdery products

Generous outlet size
Translucent bin for
content level viewing
Extendable legs
Stackable framework

Auger Hoppers

ROUND

Product Code:	DP902
Capacity:	260L
Length (mm):	1150
Width (mm):	1150
Height (mm):	750

Features:

- Suit 8" - 12" augers
- Rust free tough & flexible poly
- Unique sump for maximum emptying
- Recessed at rear to protect from auger wear
- 2 x Hopper Straps included

TRIANGULAR

Product Code:	DP901
Capacity:	130L
Length (mm):	1300
Width (mm):	1150
Height (mm):	530

MINI

Product Code:	DP903
Capacity:	60L
Length (mm):	600
Width (mm):	700
Height (mm):	430

Features:

- Suit 4" Pencil augers
- Lightweight & flexible
- UV stabilised polyethylene
- 2 x Hopper Straps included
